PROFILE

Finance graduate (Master's in Finance and Risk Management, University of Florence; BS in Statistics) applying for the Finance Accounting & Reporting internship. I want to grow in general accounting and reporting, building on financial statement analysis from my studies and years of keeping accurate daily transaction records. Experience collecting, checking and organising financial data and turning it into clear reports, with a 98% error-free record in high-volume payments. Advanced Excel, curious and eager to learn, and comfortable working in English.
