MUHAMMAD MOHSAN

Graduate Intern – Securities Back Office

Florence, Italy · Contact details available on request

Based in Florence · Eligible to work in Italy · Available immediately

PROFILE

Finance graduate (Master's in Finance and Risk Management, University of Florence; BS in Statistics) applying for the securities back-office internship. My studies and the CFA Institute Investment Foundations and Yale Financial Markets certificates gave me a solid theoretical grasp of the main financial products, while my thesis worked hands-on with multi-asset market data. Over four years running a branch in Bahrain I processed a high volume of payments with a 98% error-free record and kept accurate daily transaction records, the precision that reconciliations and controls require. Advanced Excel and Office, SQL and Python; fluent English.

EDUCATION

University of Florence — Florence, Italy
Master's in Finance and Risk Management — Graduation 14 Oct 2026

- Thesis: Dynamic Correlation, Tail Risk, and Optimal Portfolio Allocation: Evaluating the Role of Cryptocurrencies in Multi-Asset Portfolios
- Worked with equity, bond and crypto market data across asset classes: useful for securities master data and position checks.

COMSATS Institute of Information Technology — Islamabad, Pakistan
Master's in Project Management — 2016

Government College University — Faisalabad, Pakistan
BS (Hons) Statistics — 2014

PROFESSIONAL EXPERIENCE

Saturn Consultants — Bahrain
Research Associate Intern — Feb 2023 – May 2023

- Collected, checked and organised financial data for financial and risk management client projects.
- Followed up with the project team to meet deadlines and deliver accurate work on time.
- Drafted reports that turned financial data into clear findings for clients.

Leaves Wedding WLL — Bahrain
Branch In-Charge — Aug 2017 – Oct 2021

- Processed a high volume of cash and card payments through cash registers and POS systems with a 98% error-free record.
- Kept accurate records of daily transactions and dealt directly with customers.
- Managed day-to-day branch operations independently for over four years.

CERTIFICATIONS

- Investment Foundations Certificate — CFA Institute (2026)
- Financial Markets — Yale University, via Coursera (2025)
- Google Data Analytics Professional Certificate — Coursera (2022)
