MUHAMMAD MOHSAN

Credit Risk Analyst – Financial Institutions

Florence, Italy · Contact details available on request

Based in Florence · Eligible to work in Italy · Available immediately

PROFILE

Finance graduate (Master's in Finance and Risk Management, University of Florence) with a BS in Statistics, applying for the Credit Risk Analyst role in the Financial Institutions team. My risk management studies and thesis on tail risk built a strong base in quantitative risk analysis, and I bring financial statement analysis and clear written reporting. As a Research Associate Intern I collected, checked and reported financial data for risk management client projects. Advanced Excel, SQL and Python; fluent English.

EDUCATION

University of Florence — Florence, Italy
Master's in Finance and Risk Management — Graduation 14 Oct 2026

- Thesis: Dynamic Correlation, Tail Risk, and Optimal Portfolio Allocation: Evaluating the Role of Cryptocurrencies in Multi-Asset Portfolios
- Modelled dynamic correlation and tail risk across asset classes: directly relevant to forward-looking risk assessment.

COMSATS Institute of Information Technology — Islamabad, Pakistan
Master's in Project Management — 2016
