MUHAMMAD MOHSAN

Credit Policy & Governance Analyst

Florence, Italy · Contact details available on request

Based in Florence · Eligible to work in Italy · Available immediately

PROFILE

Recent graduate (Master's in Finance and Risk Management, University of Florence, October 2026) with a BS in Statistics, applying for the Credit Policy & Governance Analyst role. My thesis on dynamic correlation and tail risk gave me hands-on experience with forward-looking risk analysis and statistical modelling. As a Research Associate Intern I collected, checked and reported financial data for risk management client projects, with close attention to data quality. I work daily in Excel, PowerPoint, Power BI, SQL and Python, and I am fluent in English.

EDUCATION

University of Florence — Florence, Italy
Master's in Finance and Risk Management — Graduation 14 Oct 2026

- Thesis: Dynamic Correlation, Tail Risk, and Optimal Portfolio Allocation: Evaluating the Role of Cryptocurrencies in Multi-Asset Portfolios
- Modelled dynamic correlation and tail risk across asset classes: directly relevant to forward-looking risk assessment.

COMSATS Institute of Information Technology — Islamabad, Pakistan
