MUHAMMAD MOHSAN

Graduate Programme – Credit Trader

Florence, Italy · Contact details available on request

Based in Florence · Eligible to work in Italy · Available immediately

PROFILE

Finance and Risk Management graduate (University of Florence) with a BS (Hons) in Statistics, applying for the I'M IN Graduate Program as a Credit Trader. My thesis on dynamic correlation, tail risk and optimal portfolio allocation gave me a quantitative view of how assets move together under stress. Market knowledge from the Yale Financial Markets course and the CFA Institute Investment Foundations Certificate, plus Python, SQL and advanced Excel for analysis. Four years of high-volume transaction processing with a 98% error-free record show the accuracy trading desks need.

EDUCATION

University of Florence — Florence, Italy
Master's in Finance and Risk Management — Graduation 14 Oct 2026

- Thesis: Dynamic Correlation, Tail Risk, and Optimal Portfolio Allocation: Evaluating the Role of Cryptocurrencies in Multi-Asset Portfolios
- Analysed time-varying correlation and tail dependence across asset classes: relevant to credit market risk and relative-value thinking.

COMSATS Institute of Information Technology — Islamabad, Pakistan
Master's in Project Management — 2016

Government College University — Faisalabad, Pakistan
BS (Hons) Statistics — 2014

PROFESSIONAL EXPERIENCE

Saturn Consultants — Bahrain
Research Associate Intern — Feb 2023 – May 2023

- Collected, checked and organised financial data for financial and risk management client projects.
- Drafted reports that turned financial data into clear findings for clients.
- Followed up with the project team to meet deadlines and deliver accurate work on time.

Leaves Wedding WLL — Bahrain
Branch In-Charge — Aug 2017 – Oct 2021

- Processed a high volume of cash and card payments through cash registers and POS systems with a 98% error-free record.
- Kept accurate records of daily transactions and dealt directly with customers.
- Managed day-to-day branch operations independently for over four years.

CERTIFICATIONS

- Investment Foundations Certificate — CFA Institute (2026)
- Financial Markets — Yale University, via Coursera (2025)
- Google Data Analytics Professional Certificate — Coursera (2022)
