MUHAMMAD MOHSAN

Reinsurance Graduate – Catastrophe Risk Analyst

Florence, Italy · Contact details available on request

Based in Florence · Eligible to work in Italy · Available immediately

PROFILE

Finance and Risk Management graduate (University of Florence) with a BS (Hons) in Statistics, applying for the REACH graduate programme as a Catastrophe Risk Analyst. My thesis on dynamic correlation and tail risk focused on modelling extreme losses, a natural base for catastrophe and reinsurance risk analysis. I work confidently with data in Python, SQL and advanced Excel, and research experience in Bahrain taught me to turn financial data into clear findings for clients. Fluent English, based in Florence and available immediately.

EDUCATION

University of Florence — Florence, Italy
Master's in Finance and Risk Management — Graduation 14 Oct 2026

- Thesis: Dynamic Correlation, Tail Risk, and Optimal Portfolio Allocation: Evaluating the Role of Cryptocurrencies in Multi-Asset Portfolios
- Modelled tail risk and extreme-event dependence across asset classes: directly relevant to catastrophe loss and accumulation analysis.

COMSATS Institute of Information Technology — Islamabad, Pakistan
Master's in Project Management — 2016

Government College University — Faisalabad, Pakistan
BS (Hons) Statistics — 2014

PROFESSIONAL EXPERIENCE

Saturn Consultants — Bahrain
Research Associate Intern — Feb 2023 – May 2023

- Collected, checked and organised financial data for financial and risk management client projects.
- Drafted reports that turned financial data into clear findings for clients.
- Followed up with the project team to meet deadlines and deliver accurate work on time.

Leaves Wedding WLL — Bahrain
Branch In-Charge — Aug 2017 – Oct 2021

- Kept accurate records of daily transactions and dealt directly with customers.
- Processed a high volume of cash and card payments through cash registers and POS systems with a 98% error-free record.
- Managed day-to-day branch operations independently for over four years.

CERTIFICATIONS

- Investment Foundations Certificate — CFA Institute (2026)
- Financial Markets — Yale University, via Coursera (2025)
- Google Data Analytics Professional Certificate — Coursera (2022)
